Q2 Headline statistics and business metrics

66

We've worked exceptionally hard over the last few years to help improve our clients D&I processes, which are at the heart of so many businesses hiring agendas. Our data helps to provide insight into the audience we have, along with salary benchmarks for each industry.

- Cary Curtis, CEO & Founder

With our candidate database growing to **400,000** graduates, we continue to be at the forefront of early careers recruitment.

Digital insights and online growth

Our exposure across the web has enabled us to reach more graduates, with our collective social following amounting to over **140,000** people.

We're starting afresh

Things are going to start looking different around here.

Over the past year, the Give a Grad a Go team has been working hard to usher in a new era for the company.

Updated branding, expanded services, and a whole new website! Our new site is smarter, quicker, and easier to navigate. It'll improve your experience, and help us strengthen the service we provide.

We are always trying to evolve and establish ways to keep adding value to your business. With these changes, we're making sure you won't need to place your trust anywhere else.

We have a wealth of resources to help employers in these areas. **Click the links below** to find out more.
